

**Staff Report: Amend Commission Bylaws**

**Background:**

The Commission is required to have Bylaws that provide guidelines about how Commission business will be conducted. Staff developed a draft Bylaws revision to align with the recently adopted Policies and Procedures, as well as the draft Ordinance. After commissioner consideration, staff were requested to bring another draft to the Executive Committee for review, with particular attention to the following issues:

- The length of commissioner terms
- The length of Commission officer terms

**Committee Recommendation:**

Approve lengthening commissioner terms from 2 years to 3 years, keep the Commission officer terms status-quo (no term limits).
