

Strategic Plan Review

Background

In order to remain in compliance with the Proposition 10 Children and Families Act, the Commission is required to review, and if desired, update its Strategic Plan annually, and hold a public hearing.

At their [February](#), [June](#) and [October](#) 2023 meetings, the Commission reviewed and approved updates to the Plan.

2021-2026 Strategic Plan, 2023 Update

Aside from a planned update to the Data Dashboard and the Long Term Financial Plan to align with the [2023/24 Community Report](#) and [2024/25 Budget and Plan](#), staff have no additional recommended updates.

Following the Commission's discussion at the February meeting, the Plan will come back before the Commission at their April meeting for public hearing.

Staff Recommendation

Review the Strategic Plan and discuss updates as applicable.
