INDEPENDENT AUDITOR'S REPORT

Board of Commissioners
First 5 Butte County
Children and Families Commission
Oroville, California

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities and each major fund of the First 5 Butte County Children and Families Commission (The Commission), as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise The Commission's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Commission, as of June 30, 2022, and the respective changes in financial for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Commission, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Commission's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Commission's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Commission's to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 4-10 and 23-24 be presented to supplement the basic financial statements. Such information

is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Commission's basic financial statements. The schedule of the status of prior audit findings is presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of the status of prior audit findings is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 28, 2022, on our consideration of the Commission's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Commission's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Commission's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION & ANALYSIS

FIRST 5 BUTTE COUNTY CHILDREN AND FAMILIES COMMISSION
MANAGEMENT'S DISCUSSION & ANALYSIS
for the year ended June 30, 2022

Introduction

The First 5 Butte County Children and Families Commission (the Commission) is a public entity which disburses Proposition 10 dollars (a 50-cent per pack tax on tobacco products), to implement its Mission (“***To work collaboratively with partners and stakeholders to build a healthy, integrated system of support for young children and their families and caregivers.***”) and to support its Vision (“***Every child in Butte County will have the opportunity for a resilient, thriving future through a nurturing, supportive network of families, caregivers, and their community.***”), as per California Health and Safety Code 130100.

To attain these objectives, the Commission invested local funds in four Initiatives: Health and Development, Strong Families, High Quality Learning and Sustainability and Systems Change and utilized First 5 California state funds to support Home Visiting Coordination and Dual Language Learner Initiatives for a 2021-2022 total of \$1,237,196.

A narrative overview and analysis of the Commission’s financial activities for the year ended June 30, 2022, follows.

Financial Highlights

The Commission’s Strategic Plan guides the funding activities of the Commission. Financial highlights of the year on a fund accounting basis include:

 Total program revenues amounted to \$1,855,219, an increase of \$33,667 from the previous year.

 The Prop 10 tax apportionment decreased by \$221,366. Prop 56 backfill revenues also decreased by \$27,678, contributing to total tobacco tax revenues of \$1,482,391 for the fiscal year.¹ Revenues from the First 5 California Home Visiting Coordination and Dual Language Learner initiatives contributed \$111,189 and \$261,639, respectively. Funding for the Dual Language Learner initiative concluded at the end of the fiscal year, while a portion of unutilized Home Visiting Coordination funds will carry over into the 2022-23 fiscal year. Interest income totaled \$42,586, down \$23,682 from the prior fiscal year, and the Commission posted a paper (unrealized) loss of \$38,166 on the fair market value of its investments.

 FY 2021-22 expenditures totaled \$1,602,710, an increase of \$310,934 from the prior year’s investments in Butte County children and families.

¹ Prop 56 backfill revenues are intended to make up for losses to Prop 10 due to the enactment of the \$2 tobacco tax, Prop 56)

FIRST 5 BUTTE COUNTY CHILDREN AND FAMILIES COMMISSION
MANAGEMENT'S DISCUSSION & ANALYSIS
for the year ended June 30, 202~~1~~

 During FY 2021-22, \$485,464 was expended in support of the Strong Families Initiative. Funded services under the Strong Families Initiative include primary prevention and early intervention programs such as case management and intensive, evidence-based home visitation and group activities for Hmong caregivers, pregnant mothers, parents of newborns, and families with children at risk for abuse and neglect. These programs also promote early entry into prenatal care and age-appropriate oral health care for children and pregnant women, thereby complementing the Health Initiative. Strong Families Initiative includes funding for mini-grants and provides opportunities for play groups, parent education, and cultural fairs. The Commission also invested funds into capacity building to support the establishment of Family Resource Centers in historically underserved communities.

 During FY 2021-22, \$47,817 was expended on the Health and Development Initiative. Funding was utilized to provide training, professional development, and collaboration to medical professionals and social service providers in an effort to improve the consistency and quality of perinatal care in Butte County, with a focused emphasis on maternal mental health providers and referrers. The Commission also invested \$210,218 into Help Me Grow Butte, an early intervention and care coordination system for families with young children who may benefit from developmental screenings and referrals to services.

 During FY 2021-22 \$33,974 was expended on the High Quality Learning Initiative. Funding was utilized to support the Commission's literacy program, professional development opportunities for early care and education providers, and to provide support to the Local Childcare Planning Council for their childcare needs assessment.

 During FY 2021-22, \$60,712 was expended on the Sustainability and Systems Change Initiative. Resources were used to support the Commission's development of long-term priorities and systems planning, as well as to support staff time to participate in collaborative community initiatives and trainings.

 During FY 2021-22, \$71,919 was expended in general program support and development, including funds to update the Commission's website and to develop a grants management database.

 During FY 2021-22, \$127,726 was expended on Home Visiting Coordination services, including reflective practice and secondary trauma sessions for home visitors as well as a portion of staff time allocated to this effort.

 During FY 2021-22, \$271,285 was expended on Dual Language Learner programming within the Spanish and Hmong-speaking communities, including providing dual language learners with technology equipment and training, early literacy activities and instruction, bilingual books and other materials for community use, as well as a portion of staff time allocated to the coordination of Dual Language Learner services.

FIRST 5 BUTTE COUNTY CHILDREN AND FAMILIES COMMISSION
MANAGEMENT'S DISCUSSION & ANALYSIS
for the year ended June 30, 202~~1~~

👋 During FY 2021-22, \$110,937 was expended on evaluation support and activities, including phasing out the Persimmony data collection system, transitioning to the Apricot data collection system, and a contract with EvalCorp to providing evaluation training and technical assistance to staff.

👋 During FY 2021-22, \$180,909 was expended on administrative expenses, including hiring and training staff, strategic planning, the required annual financial and compliance audits, county charges, and staff time dedicated to carrying out Commission business. The administrative costs equaled approximately 11.3% of total expenditures.

👋 During FY 2021-22, \$1,749 was expended on Emergency Response and Recovery efforts to support families impacted by COVID-19. Funds were deployed to community organizations where direct support was provided to families. Funds also paid for First 5 staff time to coordinate the distribution of COVID-19 test kits, diapers, wipes, books, cleaning supplies and personal protective equipment delivered to the County by First 5 California.

Overview of the Financial Statements

The following discussion and analysis serves as an introduction to the Commission's basic financial statements.

The Commission's basic financial statements have three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. In addition to the basic financial statements, this report contains supplementary information.

1) *Government-wide Financial Statements.* The *government-wide financial statements* are designed to provide readers with a broad overview of the Commission's finances, in a manner similar to a private sector business.

The government-wide financial statements are found on pages 11-12 of this report, and include:

- a. The *Statement of Net Position* presents information on all of the Commission's assets and liabilities, with the difference between the two reported as *net position*.
- b. The *Statement of Activities*, which presents information showing how the Commission's net position changed during the fiscal year. All changes are reported as soon as the underlying event occurs, *regardless of the timing of related cash flows*. Thus revenues and expenses are reported in the statement for some items that will result in cash flows in future fiscal periods (employee leaves earned but not yet used; etc.).

2) *Fund Financial Statements.* A *fund* is a grouping of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. The Commission, like other local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Fund financial statements report essentially the same functions as those reported in the government-wide financial statements. However, unlike the

FIRST 5 BUTTE COUNTY CHILDREN AND FAMILIES COMMISSION
MANAGEMENT'S DISCUSSION & ANALYSIS
for the year ended June 30, 202~~1~~²

government-wide financial statements, fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. The fund financial statements are found on pages 13-14 of this report, and include the:

- a. Balance Sheet, and
- b. Statement of Revenues, Expenditures, and Changes in Fund Balance.

Because the focus of fund financial statements is narrower than that of the government-wide financial statements, it is useful to compare them. Both the Fund Balance Sheet and the Fund Statement of Revenues, Expenditures, and Changes in Fund Balance provide a reconciliation to facilitate the comparison. (The slight numerical differences between the two types of statements involve employee leaves earned but not yet taken.)

The Commission adopts annual revenue and expenditure budgets for its fund. A budgetary comparison statement is provided to demonstrate compliance with the budget (pages 23 & 24).

Notes to the Financial Statements. The notes provide additional information essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements begin on page 15 of this report.

Analysis of the Government-wide Financial Statements

The Commission has presented its financial statements under the reporting model required by the Governmental Accounting Standards Board Statement No. 34 (GASB 34), Basic Financial Statements and Management's Discussion and Analysis (MD&A) – for State and Local Governments.

A government's financial position can be determined by examining its net position over time. At the close of the current fiscal year, the Commission's assets exceed liabilities by \$6,831,279.

The Commission's assets are maintained in the County Treasurer's investment pool where interest earned on the Commission's balance is apportioned to the Commission. Assets are primarily Proposition 10 tax disbursements received from the State Commission that have not yet been spent. All of the Commission's assets are invested in A or better securities and are committed to multi-year initiatives as per the Strategic Plan. Accounts receivable, Proposition 10 taxes remitted by the State but not received by the Commission at June 30, 2022, are other assets.

At June 30, 2022, the Commission had liabilities of \$250,605. These are payments due on contracts at year-end, and employee leave hours earned but not yet taken.

The Commission's net position increased by \$226,645 during the 2021-22 fiscal year. This change stemmed largely from lower-than-budgeted staffing and program expenditures, as well as an increase in program revenues of \$211,249 from the prior fiscal year.

Change in Net Position	<u>\$ 226,645</u>	<u>\$ 519,476</u>	<u>\$ (292,831)</u>	<u>\$ 498,201</u>

The Commission does not have business-type activities and so the analysis presented above for the government-wide financial statements also represents an analysis of the Commission's governmental activities.

Analysis of the Fund Financial Statements

As noted earlier, the Commission uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

For the year ended June 30, 2022, the Commission's ending fund balance is \$6,876,487, an increase of \$256,929 from the prior year, although the Commission's plan is to use the Fund Balance to augment current year revenues to support programs for children and families.

FIRST 5 BUTTE COUNTY CHILDREN AND FAMILIES COMMISSION
MANAGEMENT'S DISCUSSION & ANALYSIS
for the year ended June 30, 2022~~1~~

Fund Financial Statements

FIRST 5 BUTTE COUNTY CHILDREN & FAMILIES COMMISSION

Balance Sheet Comparison

	FY 21-22	FY 20-21	Difference	FY 19-20
Total Assets	\$ 7,081,884	\$ 6,854,164	\$ 227,720	\$ 6,361,938
Total Liabilities	<u>(205,397)</u>	<u>(234,606)</u>	<u>29,209</u>	<u>(272,156)</u>
Fund Balance	<u>\$ 6,876,487</u>	<u>\$ 6,619,558</u>	<u>\$ 256,929</u>	<u>\$ 6,089,782</u>

Revenue and Expense Comparison

	FY 21-22	FY 20-21	Difference	FY 19-20
Total Revenues	\$ 1,859,639	\$ 1,821,552	\$ 38,087	\$ 1,793,393
Total Expenses	<u>(1,602,710)</u>	<u>(1,291,776)</u>	<u>(310,934)</u>	<u>(1,324,049)</u>
Change	<u>\$ 256,929</u>	<u>\$ 529,776</u>	<u>\$ (272,847)</u>	<u>\$ 469,344</u>

Total revenues were under budget by \$359,034, or 16.2%, due to funds from the Home Visiting Coordination and Dual Language Learner initiatives that were budgeted but not yet released. Total expenditures ended under the final budget by \$1,042,893, or 39.4% under budget, due to lower than anticipated costs related to staffing, operating costs, and contracts.

Capital Assets

The Commission's investment in capital assets for its governmental activities as of June 30, 2022, amounts to zero. Purchases of capital assets were below the Commission's threshold for capitalization and as such, were charged to expenses when purchased.

Economic Factors and Next Year's Budget

The Commission is committed to focusing Proposition 10 funds on the purposes for which they were intended: To promote and sustain comprehensive, integrated programs and services that will help to nurture children ages 0 through 5 so that their young brains and bodies will develop appropriately. The following economic factors were considered in preparing the Commission's financial plan for fiscal year 2022-23:

- Following through on commitments made to organizations for contiguous year funding.
- Based on figures from the state Department of Finance, the Commission's Prop. 10 revenue is projected to decrease an average of 6% each year, anticipating the passage of flavor ban in November 2022.
- Interest rate earnings of 1.0% on the local Children and Families Trust Fund.
- While following the intent of Prop 10, the Commission has updated its Strategic Plan for 2021 through 2026, to make investments in its Systems Strengthening Initiative to

FIRST 5 BUTTE COUNTY CHILDREN AND FAMILIES COMMISSION
MANAGEMENT'S DISCUSSION & ANALYSIS
for the year ended June 30, 202~~1~~²

support changes and develop stronger networks that more effectively address issues affecting children and families. The Commission recognizes that with the projection of declining revenues, investing in the capacity building of networks and systems will be a more effective use of its limited resources in ensuring children have access to the resources they need.

- The Commission continues to collaborate actively with its community partners and grantees. This is reflected in its current grant funding initiatives and commitments which extend through the current fiscal year, FY 2021-22.

The Commission views Proposition 10 as a mechanism to establish and fund a sustainable system of results-oriented early childhood development and family support services for the 0-5 population, not as just another funding source for programs. In that regard, in FY 2022-23 the Commission will continue to evaluate funded programs to determine what most improves the health and well-being of children. This information will be used to help evaluate the overall effect of Proposition 10 in Butte County. The result of these evaluation activities will help to inform the Commission as it plans for its future investments.

Requests for Information

Questions or requests for additional information should be addressed to First 5 Butte County Children and Families Commission, 82 Table Mountain Boulevard, Oroville, California, 95965; or submitted to First5admin@buttecounty.net.

FIRST 5 BUTTE COUNTY CHILDREN AND FAMILIES COMMISSION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

Note 1. Nature of the Entity and Summary of Significant Accounting Policies

A. Reporting Entity

The First 5 Butte County Children and Families Commission (the Commission), was established in December 1998 pursuant to Health and Safety Code §130100, and in accordance with the provisions of the California Children and Families First Act of 1998, and by Butte County Ordinance #3470. The nine members of the Commission and four alternates are appointed by the Butte County Board of Supervisors.

The Commission's charge is the creation and implementation of a comprehensive, collaborative, and integrated system of information and services to enhance early childhood development.

The Commission considers all activities of its administrative staff and Commission officers as part of the Commission. The Commission reviewed the criteria developed by the Governmental Accounting Standards Board (GASB) in its issuance of Statement No. 14, relating to the financial reporting entity, to determine whether it is financially accountable for other entities. The Commission has determined that no other entity meets the above criteria, and therefore, no agency is included as a component unit in the financial statements. In addition, the Commission is not aware of any entity that would be financially accountable for the Commission that would result in the Commission being considered a component unit of that entity.

The financial statements included in this report are intended to present the financial position and results of operations for the Commission only. They are not intended to present the financial position and results of operations of the County of Butte taken as a whole.

B. Basis of Presentation and Accounting

Government- Wide Statements

The statement of net position and statement of activities display information about the primary government, the Commission. The financial activities of the overall Commission are included.

The statement of activities presents a comparison between program expenses and program revenues for the Commission's governmental activity. Program expenses are those that are specifically associated with the Commission's charge. Program revenues include tax revenues, grants and contributions restricted to meeting the operational or capital requirements of the Commission's charge. Income not classified as program revenues, such as investment income, is presented as general revenue.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place.

FIRST 5 BUTTE COUNTY CHILDREN AND FAMILIES COMMISSION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

Note 1. Nature of the Entity and Summary of Significant Accounting Policies (continued)

Fund Financial Statements

The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available to finance expenditures of the current period. Proposition 10 taxes and investment income are accrued when their receipt occurs within ninety days after the end of the accounting period so as to be both measurable and available.

Expenditures are generally recorded when a liability is incurred, as under accrual accounting. Most of the Commission's expenditures are non-exchange transactions, in which the Commission gives (or receives) value without directly receiving (or giving) value in exchange. These include sales taxes and grants.

The Commission reports one major governmental fund, the general fund. The general fund is the Commission's primary operating fund, accounting for all financial resources.

C. Due From Other Agencies

This amount represents receivables from the State Commission. Management has determined the Commission's receivables are fully collectible. Accordingly, no allowance for doubtful accounts has been made.

D. Net Position / Fund Balances

Net Position

The government-wide financial statements utilize a net position presentation. Net Position is categorized as invested capital assets (net of related debt), restricted and unrestricted. The Commission's net position is unrestricted in its entirety, as none of the monies have limits narrower than the purpose of the entire fund itself.

Fund Balance

Fund balance is the arithmetic difference between the assets and liabilities of a governmental fund.

The focus of fund balance reporting is "the extent to which a government is bound to honor constraints on the specific purposes for which the amounts in the fund can be spent." The Governmental Accounting Standards Board (GASB) Statement No. 54 established five components of Fund Balance:

**FIRST 5 BUTTE COUNTY CHILDREN AND FAMILIES COMMISSION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022**

Note 1. Nature of the Entity and Summary of Significant Accounting Policies (continued)

Fund Balance (continued)

1. Non-spendable. The elements of the Fund Balance that cannot be spent, because of their form, or because they must remain intact. Examples are pre-paid expenses or the principal of an endowment.
2. Restricted. The portion of the Fund Balance that has externally enforceable legal limitations that include:
 - Funding from the State Commission or foundations that are legally restricted to specific uses. For example, funds advanced by First 5 California under specific agreements for services, or matching funds for specific initiatives.
 - Funds legally restricted by county, state, or federal legislature, or government's charter or constitution.

Tobacco tax allocations to county commissions are not automatically categorized as restricted. This is because the purposes for which tobacco tax allocation may legally be used are no narrower than the purpose for which the commissions were created in Proposition 10 enabling legislation.

3. Committed. Two criteria determine if the fund balance is committed as follows:
 - The use of funds is constrained by limits imposed by the government's highest level of decision-making authority, and
 - Removal or modification of the use of funds can be accomplished only by formal action of the authority that established the constraints.

The highest level of decision-making is the First 5 Butte County Commission. Both commitments and modification or removal must occur prior to the end of the reporting period. Formal action of the Commission is defined as an action taken at a publicly-noticed First 5 Butte County Commission meeting. For First 5 organizations, resources in this category include:

- Resources committed for a future initiative as long as Commission action is also required to remove this commitment,
- Resources that have been committed by the Commission for specific agreements that have not yet been executed (such as an Intent to Award Decision), where Commission action is also required to remove this commitment,
- Resources committed as the local match for a State Commission initiative, and
- Funding that has been set aside for previously-executed legally-enforceable contracts, but not yet spent, including multi-year contracts, if such contracts have been approved by the Commission and if cancellation of such contracts would require Commission approval.

**FIRST 5 BUTTE COUNTY CHILDREN AND FAMILIES COMMISSION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022**

Note 1. Nature of the Entity and Summary of Significant Accounting Policies (continued)

Fund Balance (continued)

4. Assigned. The portion of the Fund Balance on which an “intended use” is placed by either the highest level of decision-making of the government, a body established for that purpose, or an official designated for that purpose.
5. Unassigned. Any portion of fund balance in excess of the above categories (a surplus), or in excess of Non-spendable, Restricted, or Committed over total fund balance (a deficit).

E. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from estimates.

Note 2. Cash

Cash at June 30, 2022 consisted of the following:

Cash invested with the County Treasurer’s pool	\$6,852,756
Fair market value adjustment on invested cash	<u> --</u>
Fair market value of cash invested by the County Treasurer	<u>\$6,852,756</u>

The Commission maintains all of its cash and investments with the Butte County Treasurer in an investment pool. On a quarterly basis the Treasurer allocates interest to participants based upon their average daily balances.

Required disclosure information regarding fair value measurements, categorization of investments, and other deposit and investment risk disclosures can be found in the County's financial statements. The County of Butte's financial statements may be obtained by contacting the County of Butte's Auditor-Controller's office at 25 County Center Drive, Oroville, California 95965. The Butte County Treasury Oversight Committee oversees the Treasurer's investments and policies. Investment reports may be obtained at <http://ttc.buttecounty.net> .

Investments held in the County's investment pool are available on demand and are stated at cost plus accrued interest. Unrealized gains and losses are recognized as income or expense and as the asset called “Fair market value adjustment on cash in the County Treasury.” At the time of this report, the County had not finalized the adjustment for the fair market value.

In accordance with GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*, highly liquid market investments with maturities of one year or less at time of purchase are stated at amortized cost. All other investments are stated at fair value. Market value is used as fair value for those securities for which market quotations are readily available.

**FIRST 5 BUTTE COUNTY CHILDREN AND FAMILIES COMMISSION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022**

Note 3. Related Party Transactions

During the fiscal year ended June 30, 2022, the Commission paid the County of Butte, a related party, \$525,630 for accounting and other services including commission staffing, as detailed in the following table.

Related Party Transactions

County Dept.	21-22 Costs
Public Health (staffing & misc. operating)	\$ 523,614
General Services (contracting)	6,096
Butte County Administration (Board of Supervisors items & County fiscal)	--
County Auditor (accounting)	2,160
County Counsel (legal services)	3,600
Information Systems (Time keeping & Accounting system support, etc.)	936
Treasurer (investing)	168
Support Services Carry-Forward (trues out services used two-years prior)	(10,944)
Total	\$ 525,630

Note 4. Program Evaluation and Allocation of Costs

The Commission allocates costs between administrative, program and evaluation activities. Direct costs are expensed directly to the category. Indirect costs are allocated based on the amount of time staff spends on each activity. Personnel costs are allocated based on the amount of time spent on those activities. The adjustment between the general fund expenses and the government-wide expenses was the change in the accrued vacation of (\$30,285). The expenses were allocated as follows:

	<u>General Fund</u>	<u>Adjustment</u>	<u>Government-Wide</u>
Program	\$ 1,310,864	\$ --	\$ 1,310,864
Administrative	180,909	30,284	211,193
Evaluation	110,937	--	110,937
Total	<u>\$ 1,602,710</u>	<u>\$ 30,284</u>	<u>\$ 1,632,994</u>

Note 5. Concentrations

The Commission receives most of its funding from Prop. 10 tobacco tax revenue distributed by the State of California. If these funds were to become unavailable, the Commission may not be able to continue its programs.

Note 6. Capital Assets

Capital assets are capitalized at cost and updated for additions and retirements during the year. The Commission does not possess any infrastructures. Improvements are capitalized; the cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are expensed. The Commission's investment in capital assets for its governmental activities as of June 30, 2022, amounts to zero. Purchases of assets were below the Commission's threshold for capitalization and, as such, were charged to expense when purchased.

FIRST 5 BUTTE COUNTY CHILDREN AND FAMILIES COMMISSION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

Note 7. Joint Powers Agreements

The Commission participates in an agreement with the joint powers authority (JPA) California State Association of Counties Excess Insurance Authority (CSAC - EIA). The relationship between the Commission and the JPA is such that the JPA is not a component unit of the Commission for financial reporting purposes.

The JPA arranges for and provides liability and workers' compensation coverage for its members. The JPA is governed by a board consisting of representatives from the members. The Board controls the operations of the JPA, including selection of management and approval of operating budgets, independent of any influence by the members beyond their representation on the Board. Each member pays a premium commensurate with the level of coverage requested and shares surpluses and deficits proportionate to their participation in the JPA. The Commission's share of year-end assets, liabilities, or fund equity is not calculated by the JPA. Separately issued financial statements can be requested from the JPA.

Note 8. Risk Management

The Commission is exposed to various risks including loss or damage to property, general liability, and injuries to employees. No significant changes in insurance coverage from the prior year have been made. As described in Note 7, the Commission participates in risk pools under a JPA for liability and workers' compensation coverage.

Note 9. California Public Employees Retirement System

Plan Description

The Commission contracts with the County for personnel. As such the employees are employees of the Public Health Department of Butte County and not the Commission. Qualified employees are covered under a multiple-employer defined benefit pension plan maintained by the California Public Employees' Retirement System (CalPERS). The plan provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by state statutes, as legislatively amended, within the Public Employees' Retirement Law. CalPERS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the CalPERS annual financial report may be obtained from the CalPERS Executive Office, 400 P Street, Sacramento, CA 95814.

Funding Policy

The Commission reimburses the County for contributions to the pension plan at an actuarially determined rate. The actuarial methods and assumptions used for determining the rate are those adopted by the CalPERS Board of Administration. The required employer contribution for the 2021-22 fiscal year was \$88,537 (which is calculated at 27.14% of salaries: 9.01% goes to employee retirement accounts, 15.85% to pension unfunded liability, and 2.28% to bond payments). This amount is included within the Salaries and Benefits line item. In addition, employees are required to contribute 7% of their salary.

FIRST 5 BUTTE COUNTY CHILDREN AND FAMILIES COMMISSION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

Note 9. California Public Employees Retirement System Continued

Because the Commission's employees are actually employees of the County, the County's financial statements include the required information and disclosures relating to pension liability. The County allocates certain pension costs to the Commission, and requests reimbursements accordingly.

Note 10. Other Post-Retirement Health Benefits

In addition to the pension benefits described in Note 9, the County provides post-retirement health benefits to its retirees under various plans. In July 2004, the GASB issued Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*. This Statement establishes standards for the measurement, recognition, and display of Other Postemployment Benefits (OPEB) expense/expenditures and related liabilities (assets), note disclosure, and, if applicable, required supplementary information in the financial reports of state and local governmental employers. Because the Commission's employees are actually employees of the County, the County's financial statements include the required information and disclosures relating to the OPEB benefits. The County allocates certain OPEB costs to the Commission, and requests reimbursements accordingly.

Note 11. Section 30131.4 of the California Tax & Revenue Code Certification

The Commission has certified that the no-supplanting requirement stated in Section 30131.4 of the California Tax & Revenue Code has been met.

Note 12. Contingent Liabilities

The Commission receives funding from the State of California Proposition 10, the Children and Families Act, to fund programs that promote, support, and improve the early development of children from prenatal through age five. These programs must be in compliance with applicable laws and may be subject to financial and compliance audits by the State. The amount, if any, of expenditures which may be disallowed by the State cannot be determined at this time, although the Commission's management does not expect such amounts, if any, to be material.

Note 13. Budgets and Sustainability

Budgets are set by the Commission in June of each year. The budget is periodically amended when significant new information becomes available. The Commission's Financial Plan provides a framework for investing the Commission's resources in the community over time. The plan is used as a planning tool, and updated at least once a year after the completion of the annual audit with the actual revenues and expenditures for the year. The Commission revisits the underlying assumptions of the plan every year.

FIRST 5 BUTTE COUNTY CHILDREN AND FAMILIES COMMISSION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

Note 14. Uncertainties

The COVID-19 pandemic, whose effects first became known in January 2020, is having a broad and negative impact on commerce and financial markets around the world. The extent of the impact of COVID-19 on the Commission's future operational and financial performance will depend on certain developments, including the duration and spread of the outbreak and its impacts on the Commission's partner agencies, the County offices and vendors, all of which at present, cannot be determined. Accordingly, the extent to which COVID-19 may impact the Commission's financial position and changes in net position/fund balances is uncertain and the accompanying financial statements include no adjustments relating to the effects of this pandemic.

Note 15. Lease Commitments – Implementation of GASB 87

For fiscal year ended June 30, 2022, the Commission implemented Governmental Accounting Standards (GASB) Statement No. 87, Leases. GASB Statement No. 87 enhances the relevance and consistency of information of the government's leasing activities. It establishes requirements for lease accounting based on the principle that leases are financings of the right to use an underlying asset. A lessee is required to recognize a lease liability and an intangible right to use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources. These changes were incorporated in the Commission's financial statements and had no impact on the financial statements. Currently the Commission does not have any arrangements/agreements that would be considered leases.

Note 16. Subsequent Events

Subsequent events were evaluated through October 28, 2022, which is the date the financial statements were available to be issued. There were no events that required disclosure through this date.

FIRST 5 BUTTE COUNTY CHILDREN AND FAMILIES COMMISSION
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
JUNE 30, 2022

BUDGET AND BUDGETARY ACCOUNTING

The Commission prepares and legally adopts its revenue and expenditure budgets before the beginning of each fiscal year. The Commission operation, commencing on July 1st, is governed by the proposed budgets.

The fiscal year operating budget is on a modified accrual basis. The budgets line items are closely monitored and adjustments are made as necessary. Appropriations lapse at year-end.

The legal level of budgetary control (the level on which expenditures may not legally exceed appropriations) is at the object level. Object levels of expenditures are as follows: salaries and benefits, services and supplies, and capital outlay.

The budget is adopted on a basis consistent with generally accepted accounting principles.

OTHER SUPPLEMENTARY INFORMATION

**FIRST 5 BUTTE COUNTY CHILDREN AND FAMILIES COMMISSION
SCHEDULE OF THE STATUS OF PRIOR AUDIT FINDINGS
FOR THE YEAR ENDED JUNE 30, 2022**

There were no findings noted in the audit for fiscal year ended June 30, 2021.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS
INDEPENDENT AUDITOR'S REPORT**

Board of Commissioners
First 5 Butte County Children and Families Commission
Oroville, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of First 5 Butte County Children and Families Commission (The Commission), as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise The Commission's basic financial statements, and have issued our report thereon dated October 28, 2022.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Commission's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Commission's internal control. Accordingly, we do not express an opinion on the effectiveness of the Commission's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Commission's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Commission's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Commission's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON STATE COMPLIANCE

Board of Commissioners
First 5 Butte County Children and Families Commission
Oroville, California

Report on Compliance

Opinion

We have audited the First 5 Butte County Children and Families Commission's (Commission) compliance with the requirements specified in the State of California's *Standards and Procedures for Audits of Local Entities Administering the California Children and Families Act*, issued by the State Controller's Office, applicable to the Commission's statutory requirements identified below for the year ended June 30, 2022.

In our opinion First 5 Butte County Children and Families Commission's (Commission) complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on the California Children and Families Program for the year ended June 30, 2022.

Basis for Opinion

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS), the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, and the State of California's *Standards and Procedures for Audits of Local Entities Administering the California Children and Families Act*, issued by the State Controller's Office. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Commission and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion. Our audit does not provide a legal determination of the Commission's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above, and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the California Children and Families Program.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether the material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Commission's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the State of California's *Standards and Procedures for Audits of Local Entities Administering the California Children and Families Act* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Commission's compliance with the requirements of the California Children and Families Program as a whole.

In performing an audit in accordance with GAAS, Government Auditing Standards, and the Standards and Procedures for Audits of Local Entities Administering the California Children and Families Act, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit;
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Commission's compliance with the compliance requirements referred to above and performing such other procedures as we consider necessary in the circumstances;
- Obtain an understanding of the Commission's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the State of California's Standards and Procedures for Audits of Local Entities Administering the California Children and Families Act, but not for the purpose of expressing an opinion on the effectiveness of the Commission's internal controls over compliance. Accordingly, we express no such opinion; and

- Select and test transactions and records to determine the Commission’s compliance with the state laws and regulations applicable to the following items:

<u>Description</u>	<u>Audit Guide Procedures</u>	<u>Procedures Performed</u>
Contracting and Procurement	6	Yes
Administrative Costs	3	Yes
Conflict of Interest	3	Yes
County Ordinance	4	Yes
Long-range Financial Plans	2	Yes
Financial Condition of the Commission	1	Yes
Program Evaluation	3	Yes
Salaries and Benefit Policies	2	Yes

We are required to communicate with those charged with governance regarding, amount other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identify during the audit.

Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that a material noncompliance with a compliance requirement will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention from those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor’s Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit, we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the State of California's *Standards and Procedures for Audits of Local Entities Administering the California Children and Families Act*. Accordingly, this report is not suitable for any other purpose.

A handwritten signature in black ink that reads "Jensen Smith". The signature is written in a cursive, flowing style with a large initial "J".

October 28, 2022

Anna Bauer, Director
Board of Commissioners
First 5 Butte County
Children and Families Commission
Oroville, California

Dear Ladies and Gentlemen,

Thank you for your confidence in choosing us for your auditing needs. The audit went very smoothly even with the number of significant external events in the community. Staff was very well organized and quick to respond to our inquiries.

In planning and performing our audit of the financial statements of First 5 Butte County Children and Families Commission (the Commission) for the year ended June 30, 2022, we considered the Commission's internal control in order to determine our auditing procedures for the purpose of expressing an opinion on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the Commission's internal control. Accordingly, we do not express an opinion on the effectiveness of the Commission's internal control.

A separate report dated October 28, 2022 contains our report on the Commission's internal control. This letter does not affect our report dated October 28, 2022, on the financial statements of the Commission.

We wish to thank your Director and Administrative Analyst for their assistance in completing the audit and researching our questions. We know they spent many hours preparing for the audit and drafting statements. We appreciated the care taken to make sure we had all the information we needed in order to complete the audit. We wish you success for the fiscal year 2022-2023.

Sincerely,

Jensen Smith
